Cooking Instructions

Potato Sausage – *Potatiskorv*

TO BAKE:

Immediately after thawing, lay out potato sausage on a baking dish prepared with a sheet of parchment or non-stick spray. Bake for 40 minutes at 350°. Let rest for 10 minutes or so before cutting into segments.

TO BOIL:

Put frozen potato sausage in a pot and cover with water. Bring to a low boil and cook uncovered for approximately 30 minutes poking the casing occasionally with a fork to prevent the sausage from bursting. Can be fried or baked for a few minutes for brown, crispy casing. Let rest for 10 minutes or so before cutting segments.
